The 17th Ilan Ramon International **SPACE CONFERENCE**

JANUARY 25, 2022

Smolarz Auditorium, Tel Aviv University

Israel's Space Conference is back at Tel Aviv University.

Join us for the 17th Ilan Ramon International Space Conference, hosted by the Israel Space Agency at the Ministry of Science & Technology and The Ramon Foundation, together with the Yuval Ne'eman Workshop for Science, Technology and Security at Tel Aviv University.

The Space Conference brings together leaders and experts from around the world to discuss, address and plan the future of the space industry. The Theme of this year's conference is '**Cutting Edge Space Technologies and Endeavors**'.

For the past 16 years, this event has provided a platform for the exchange of knowledge and ideas between space agencies, leaders of space companies, space entrepreneurs, investors, professionals and astronauts. Through thought-provoking panels, talks and networking, the Space Conference provides global insights and critical industry outlooks, fostering innovation and growth in the field.

Alongside the conference, there will be an exhibition of leading and promising companies in the Israeli space industry, and the possibility to schedule B2B meetings with the conference participants.

Speakers Include: Heads of National Space Agencies, esteemed academics, leading official, astronauts, space industry executives and more.

2022 Key Topics:

Remote Sensing | Venus Satellite | Technological Advancement |
Future of the Space Club | Head of Space Agencies Panels | Astronaut's Panel | Mars
Habitats | A Start-up Panel

The sky is never the limit
